

*Built For Non-Stop Mining!!*

## ASUS Exclusive Innovations

### ■ 2.5-Slot Width Thermal Design

MINING-P104-4G is constructed with a 2.5-slot width thermal design, providing more heat sink surface area for dramatically cooler and quieter mining performance.

### ■ IP5X-Certified Dust Resistance

ASUS fan design is certified under the International Protection Marking (IP code) as IP5X dust resistant for improved reliability and optimal fan performance, even under severe conditions.

### ■ AUTO-EXTREME TECHNOLOGY

An industry-only, 100% automated production process that incorporates Super Alloy Power II components for premium quality and best reliability.

### ■ GPU Tweak II

GPU Tweak II allows you modify clock speed, voltage, fan performance and more, all via an intuitive interface.

## Hardware Specification

Model	MINING-P104-4G
<b>Graphics Engine</b>	NVIDIA P104-100
<b>Bus Standard</b>	PCI Express 3.0
<b>Video Memory</b>	4GB GDDR5X
<b>GPU Boost Clock</b>	1733 MHz
<b>GPU Base Clock</b>	1607 MHz
<b>CUDA Cores</b>	2560
<b>Memory Clock</b>	10010 MHz
<b>Memory Interface</b>	256 bit
<b>Input / Output</b>	No support
<b>Power Connectors</b>	8 pin
<b>Software Bundled</b>	ASUS GPU Tweak II & Driver
<b>Dimension</b>	The card size is 10.63" x 4.76" x 2.01" Inch 27 x 12.08 x 5.1 Centimeter
<b>Note</b>	<ul style="list-style-type: none"> <li>● To have the best cooling performance, ASUS MINING-P104-4G extends the fan sink to 2.5 slots. Please double check you Chassis and Motherboard dimension prior to purchase to make sure it fits in your system!</li> <li>● Specifications are subject to be changed without notice.</li> <li>● PCB color and bundled software versions might be changed without notice.</li> <li>● Brand and product names mentioned are trademarks of their respective company.</li> </ul>
